This mortgage allows you to finance the purchase of a plot of land and to finance the building of a new self build property by releasing money in stages as the build progresses rather than a single amount. The maximum loan to value (LTV) is the amount of a mortgage expressed as a percentage of the end valuation.

**Your home may be repossessed if you do not keep up repayments on your mortgage.
Think carefully before securing other debts against your home**

| Early Repayment Charge | During the first three years, an early repayment charge of 2% of the loan amount is payable. After this period, no early repayment charges apply. |
| Overpayments | Regular overpayments are permitted. Regular overpayments are amounts collected with, in addition to, your monthly mortgage payments. You may make capital repayments without an early repayment charge being levied as long as the mortgage is not redeemed in full (a minimum balance of £500 must be kept on the account) within the 3 year early repayment period.
